Would you like me to convert this into a Word doc or email format for easy sharing?

did we include logistics page as attached in summary

Audited summary coverage against logistics page details >

Yes, partially — but not completely. Here's what was and wasn't covered:

Included in the summary:

- Pending to bill by plant (39HF: 1,418 | 39HV: 1,354 | 39XY: 765 | 3914: 452)
- Total vehicles reported vs. not reported
- Domestic logistics (DO) data for Sethia Polymers and SLMG Beverages

Missing from the summary (shown in your screenshot):

Export Logistics Status — the site-wise breakdown was not included:

Site	DO	STO	Exp
DMD	1,465	1,802	576
HMD	630	227	1,671
MEPL	205	938	—
Total	2,299	2,966	2,247

Also missing were the individual export order vehicle reporting percentages — e.g., Jabel Ali Marine at 71%, Male at 25%, several Sohar/Colombo orders at 0% (which are key exceptions to flag).

Would you like me to rebuild the summary with the full logistics section included?

yes we need ths billing vehicle etc
